The logo for SANOG, featuring the word "SANOG" in a bold, white, sans-serif font centered within a black rectangular box. This box is positioned inside a large, light blue circular graphic that has a textured, watercolor-like border.

SANOG

Introduction

- SANOG was started to **bring together operators for educational as well as co-operation.**
- SANOG provides a **regional forum to discuss operational issues and technologies** of interest to data operators in the South Asian Region.
- The main objective is **educational**, but at the same time **gives vendors a chance to talk to engineers about newer technology and products** on the sidelines.
- **Engineers get to talk to each other about experiences**, benefit the entire community.
- This **non commercial people networking** is in line with established practices like NANOG in North America, RIPE Meetings in Europe and APRICOT in Asia- Pacific.

The logo for SANOG (South Asian Network Operators' Group) is displayed in white, bold, uppercase letters on a black rectangular background. The logo is centered within a large, light blue circular graphic that has a textured, watercolor-like border.
